INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

Completion of ALL of the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University (CSU) or University of California (UC) system without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements.

The IGETC pattern will be available to community college students through Summer 2025. Beginning Fall 2025 students will be placed on the CalGETC pattern. Students with catalog rights to IGETC will be able to complete the IGETC pattern and use it to transfer to the UC.

NOTE:

- The following UCSD colleges accept IGETC: Muir, Marshall, Roosevelt, Sixth, and Warren. Revelle may require additional general education courses. IGETC is not recommended for some high unit majors; see a counselor.
- Certification of IGETC is requested when the IGETC pattern is complete and the final university transcript is requested.
- Completion of the IGETC pattern does not guarantee university admission.
- The IGETC pattern is accepted by some California private, independent and out of state Colleges and Universities in satisfying lower division general education requirements.
